What we've been up to...

New Beginnings Update

THIS PAST SPRING THE BOYS OF THE NEW BEGINNINGS CLINIC STARTED SCHOOL!

A HUGE thank you to everyone who continues to support the New Beginnings Clinic. Because of your donations and your generosity, seven former child laborers started school for the first time this Spring. They attend school every weekday and have been relishing this opportunity.

The boys are dreamers- wanting to be doctors and scientists.

Your generosity is making their dreams come true.

Recent Health Camps

INDORELIEF'S MOST RECENT HEALTH CAMPS HAVE PROVIDED VACCINATIONS, DENTAL ASSESSMENT, AND SERVICES FOR WOMEN'S HEALTH MATTERS

In total, IndoRelief has now provided care for **1,012** men, women, and children.

One of our volunteer physicians listens to Santhosh's lungs

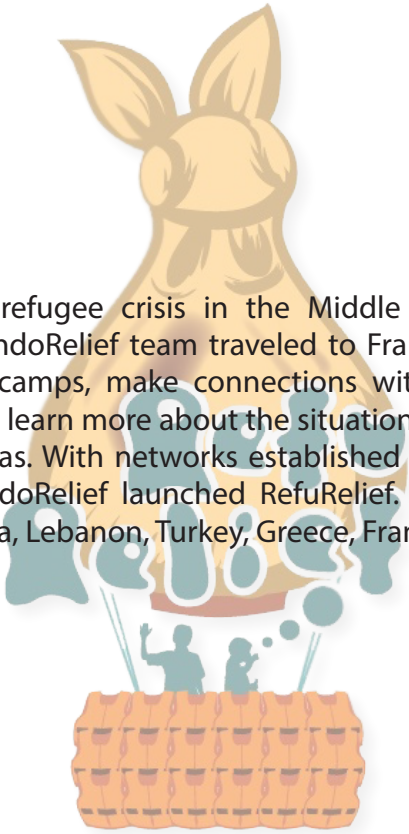

Women line up to receive general health check ups

RefuRelief

REFURELIEF IS AN INITIATIVE CREATED BY THE INDORELIEF TEAM TO
ENABLE ANYONE TO CONNECT WITH PEOPLE FLEEING FROM THEIR
HOMES BY WAR AND POVERTY.

Horrified by the refugee crisis in the Middle East and Europe, members of the IndoRelief team traveled to France and Greece to assist in refugee camps, make connections with other nonprofit organizations, and learn more about the situation from the refugees living in these areas. With networks established in the Middle East and in Europe, IndoRelief launched RefuRelief. We have ongoing projects in Syria, Lebanon, Turkey, Greece, France and the UK.

&

How can you get involved?

Our most recent project for RefuRelief is the RefuRelief Coding Academy. Through this academy, we provide computer and coding classes to Syrian and Turkish children fleeing war and poverty. The classes will be taught by members of the beneficiary community-- Syrian computer engineering graduates--and provide valuable skills necessary to prepare children to continue their education and open doors for future employment and academic opportunities.

Please continue to visit IndoRelief.org & RefuRelief.org, and remember to follow us on Facebook, Twitter, and Instagram for continued updates on our Health Camps, the Boys of the New Beginnings Clinic, RefuRelief, and all of the other projects we are currently undertaking. We encourage all to spread the word about these efforts, share a post, or invite a friend to like our pages! Every bit of support moves us that much closer to making a significant impact in the lives of the people living in these undeserved areas. As always, a huge thank you for the continued support from our donors and tireless work of our partners and volunteers!

IndoRelief is a 501(c)(3) non-profit organization.
All your donations are tax - deductible.
